

Banrisul, one of Brazil's 100 largest companies

Banrisul is one of the 100 largest publicly held companies in Brazil by market capitalization, according to ranking presented by Exame magazine in its 2011's Best and Largest especial edition. The survey highlighted Banrisul's market cap of R\$6.7 billion in 2010, which increased 11.5% from the previous year.

In the financial industry, Banrisul is one of the ten largest banks in relation to net income and shareholders' equity. Among the industry's main indicators, Banrisul is listed in the first places in regards to demand deposits, savings deposits, branch network, credit to individuals, mortgage and value creation.
