Ref.: Official Letter 1140/2017-SAE - Guararapes

Dear Sirs,

In attendance to Official Letter 1140/2017-SAE, the Company hereby communicates that there is no potentially material fact that justifies the recent fluctuations or the significant number of trades and volume traded in addition to those already widely disclosed by the Company pursuant to the Brazilian legislation and regulations.

The Company believes that the recent fluctuations and the significant number of trades and volume traded as of May 31, 2017 may be related to publication of a video on the internet, published on the same date by Empiricus Research, an independent stock analysis firm, who is an opinion maker. On the video, Felipe Miranda, founding partner of Empiricus Research, announces to his subscribers that he will take advantage of the "low market" to buy one hundred thousand reais (R\$100,000.00) in Guararapes' shares on June 8, 2017.

Given the above mentioned and believing to have clarified the questionings in the Official Letter, the Company reaffirms its commitment to an adequate disclosure of information to the market and is at your disposal to provide any further information deemed necessary.

Sincerely,

Guararapes Confecções - Lojas Riachuelo

Flávio Rocha
