SLC Agrícola S.A. (Bovespa: SLCE3; ADR's: SLCJY; Bloomberg: SLCE3:BZ; Reuters: SLCE3.SA), one of Brazil's largest landowners and one of the largest agricultural producers of cotton, soybean and corn in terms of planted area, hereby informs its shareholders and the general market that:

After deliberations at the Strategic Planning meeting in September 2011, the following targets, among others, were established:

- Begin an internationalization plan for the Company, having area planted in another country besides Brazil by 2015/16. The initial focus will be the African continent, and the first country to be analyzed in depth should be Mozambique;
- Reach 700 thousand hectares of planted area by 2020/21, being 20% out of Brazil;
- Aiming to further diversify the product mix, begin planting of a new crop by 2012/13, starting with 3 thousand hectares and reaching 50 thousand hectares by 2020/21. The initial target for feasibility study will be sugarcane.
