BASEL RATIO

CORPORATE GOVERNANCE LISTING

Listed on B3 S.A. - Brasil, Bolsa, Balcão (Brazilian Securities and Derivatives Stock Exchange) Corporate Governance Level 1, Banrisul fully meets the requirements of its listing level and other corporate governance's requirements as well, in line with best market practices, on behalf of greater transparency, fairness and proper accountability, while enhancing credibility of investors and customers. Pursuant to CVM Instruction No. 381/03, Banrisul informs that KPMG Auditores Independentes was hired in 2016 as the result of a bidding process (Public Bid 586/2015), as established by the Public Procurement Law No. 8666 of 1993, provided services related only to independent audit during the year of 2019.

TECHNOLOGICAL MODERNIZATION

The process of technological modernization on Banrisul includes the digital transformation trend, the expansion of IT infrastructure and the increasingly committed to the security of information. The Bank does not measure efforts to identify improvements and promote innovations through investments in software development, hiring of services and maintenance of assets. In the year of 2019, Banrisul invested R\$298.0 million in technological modernization.

HUMAN RESOURCES

Banrisul ended 2019 with 10,283 employees, 45% female and 55% male, and 1,990 graduate and undergraduate interns. Women represent 33% of the Bank's senior management positions. In 2019, 2,911 courses of improvement and training were carried out, with more than 133 thousand participations.

BUSINESS STRATEGIES

Banrisul seeks to be increasingly present within local communities, in close partnership with entrepreneurs. Banrisul's commercial strategy for individuals remains focused on portfolio growth on sound and highly liquid operations, especially payroll loans to civil servants and national pension retirees, and to retain the fidelity of Afinidade clients (high net worth individuals). For the agribusiness public, the Bank's positioning is focused on improving service. In the technology path, Banrisul adopts end-to-end and customer-centered digital models and processes, by making use of the Agile Model and Methodologies.
