*Re: Request for clarification on news published in the press*

*Dear Sirs,*

*In an article published by the newspaper Valor Econômico, on 02/11/2021, under the title "IMC and Shell close a deal on gas station", it is stated, among other information, that IMC projects the opening of 50 new units of Frango Assado at Shell gas stations in next five years.*

*We request clarification on the item mentioned above, until 02/12/2021, with your confirmation or not, as well as other information deemed important."*

The article referred to in the notice comments on the commercial partnership signed with Raízen Combustíveis S.A. ("Raízen"), subject of the Notice to the Market released on February 10, 2021 by the Company. The agreement provides that Raízen will prospect for IMC opportunities for the implantation of Frango Assado units at gas stations in southern and southeastern states of the country. Nevertheless, the parties have no obligation to conclude any transaction to open stores under the agreement, which will also depend on direct negotiation between IMC and gas station operators. In addition, as indicated in the article, IMC does not disclose guidance or estimates, as provided under art. 20 of CVM Rule 480/09, having discontinued this practice since July last year.
